### MONTHLY CLOSE- OUT ACTIVITIES

As we have done, carefully read each activity.

And write all the activities in your notebook and answer it.

- I. Read and number the photos.

## ARGENTINA...

There are many different places that make up the country of Argentina. Argentina has the Andes Mountains in the west and the Atlantic Ocean along the eastern coast. It stretches 3,694 kilometers from north to south.

1. Iguazu Falls is located in the north of Argentina on the border of Brazil. There are 275 individual waterfalls! The falls are part of a jungle ecosystem.
2. Patagonia is an area in the south of Argentina and the neighboring country of Chile. Not a lot of people live there, but many people visit to see its snowy mountains landscapes.
3. The northeast region of Argentina is a high altitude desert called the Puna de Atacama. Many people go rock climbing there.
4. The capital city, Buenos Aires, is in the east of the country. It is on the Atlantic Coast near Uruguay!

## Sección Secundaria

II. Circle the correct option. You can use a webpage.

1. There are **penguins/turtles** in Argentina.
